

## Published Articles - Obstetrics

Cost effectiveness analysis of antenatal HIV screening in United Kingdom, Ades AE;Sculpher MJ;Gibb DM;Gupta R;Ratcliffe J;, 1999, British Medical Journal, 319

An investigation into the use of aromatherapy in intrapartum midwifery practice, Burns EE;Blamey C;Ersser SJ;Barnetson L;Lloyd AJ;, 2000, J Altern Complement Med, 6

Aromatherapy in childbirth, an effective approach to care, Burns EE;Blamey C;Lloyd AJ;, 2000, British Journal of Midwifery, 8

Managing menorrhagia, Coulter A;Long A;Kelland J;O'Meara S;Sculpher MJ;, 1995, Qual Health Care, 4

Review of the economic and quality-of-life burden of cervical human papillomavirus disease, Fleurence RL;Dixon JM;Milanova TF;Beusterien KM;, 2007, Am J Obstet Gynecol, 196

A systematic review and economic evaluation of pegylated liposomal doxorubicin hydrochloride for ovarian cancer, Forbes C;Wilby J;Richardson G;Sculpher M;Mather L;Riemsma R;, 2002, Health Technol Assess, 6

Evaluate hysterectomy trial: a multicentre randomised trial comparing abdominal, vaginal and laparoscopic methods of hysterectomy, Garry R;Fountain J;Brown J;Manca A;Mason S;Sculpher M;Napp V;Bridgman S;Gray J;Lilford R;, 2004, Health Technol Assess, 8

Screening for Down's syndrome: effects, safety, and cost effectiveness of first and second trimester strategies, Gilbert RE;Augood C;Gupta R;Ades AE;Logan S;Sculpher M;van Der Meulen JH;, 2001, British Medical Journal, 323

A randomised trial of low dose aspirin for primiparae in pregnancy., Golding J;jones D;McCaw-Binns A;Palmer-Levy M;Wilks R;Bernard GW;Fletcher H;Mullings A;Ashley D;Hawkins N;MacGillivray I;, 1998, Br J Obstet Gynaecol, 105

Reliability of the 'pop' sign as an indicator of dural puncture during obstetric spinal anaesthesia: a prospective observational clinical study, Kathirgamanathan A;Hawkins N;, 2007, Anaesthesia, 62

Effects of decision aids for menorrhagia on treatment choices, health outcomes, and costs: a randomized controlled trial, Kennedy AD;Sculpher MJ;Coulter A;Dwyer N;Rees M;Abrams KR;Horsley S;Cowley D;Kidson C;Kirwin C;Naish C;Stirrat G;, 2002, JAMA, 288

A multicentre randomised controlled trial assessing the costs and benefits of using structured information and analysis of women's preferences in the management of menorrhagia, Kennedy AD;Sculpher MJ;Coulter A;Dwyer N;Rees M;Horsley S;Cowley D;Kidson C;Kirwin C;Naish C;Bidgood K;Cullimore J;Kerr-Wilson R;Abrams KR;Stirrat G;, 2003, Health Technol Assess, 7

Levonorgestrel-releasing intrauterine system for menorrhagia improved quality of life but cost less than hysterectomy., Manca A;Sculpher MJ;, 2002, Evidence-Based Obstetrics and Gynaecology, 4

A cost-utility analysis of tension-free vaginal tape versus colposuspension for primary urodynamic stress incontinence, Manca A;Sculpher MJ;Ward K;Hilton P;, 2003, Br J Obstet Gynaecol, 110

Family type and maternal depression in pregnancy: factors mediating risk in a community sample., O'Connor TG;Hawkins N;Dunn J;Thorpe K;& Golding J;, 1998, Journal of Marriage and the Family, 60

Screening for gestational diabetes: a systematic review and economic evaluation, Scott DA;Loveman E;McIntyre L;Waugh N;, 2002, Health Technol Assess, 6

The cost-effectiveness of preference-based treatment allocation: the case of hysterectomy versus endometrial resection in the treatment of menorrhagia, Sculpher M;, 1998, Health Econ, 7

Cost effectiveness analysis of laparoscopic hysterectomy compared with standard hysterectomy: results from a randomised trial, Sculpher M;Manca A;Abbott J;Fountain J;Mason S;Garry R;, 2004, British Medical Journal, 328

A cost effectiveness analysis of goserelin compared with danazol as endometrial thinning agents, Sculpher M;Thompson E;Brown J;Garry R;, 2000, Br J Obstet Gynaecol, 107

A cost-utility analysis of abdominal hysterectomy versus transcervical endometrial resection for the surgical treatment of menorrhagia., Sculpher MJ;, 1998, International Journal of Technology Assessment in Health Care, 14

Economic evaluation in obstetrics and gynaecology, Sculpher MJ;, 1996, Clinical Obstetrics and Gynaecology, 10

The cost-effectiveness of preference-based treatment allocation: the case of hysterectomy versus endometrial resection in the treatment of menorrhagia., Sculpher MJ;, 1998, Health Econ, 7

An economic evaluation of transcervical endometrial resection versus abdominal hysterectomy for the treatment of menorrhagia, Sculpher MJ;Bryan S;Dwyer N;Hutton J;Stirrat GM;, 1993, Br J Obstet Gynaecol, 100

A survey of women's preferences regarding alternative surgical treatments for menorrhagia, Sculpher MJ;Dwyer N;Browning J;Horsley S;Cullimore J;, 1998, Health Expect, 1

Goserelin versus danazol as endometrial thinning agents: a cost-effectiveness analysis., Sculpher MJ;Thompson E;Brown J;Garry R;, 2000, Br J Obstet Gynaecol, 107

Contemporary understanding and management of reflux and constipation in the general population and pregnancy: a consensus meeting, Tytgat GN;Heading RC;Muller-Lissner S;Kamm MA;Scholmerich J;Berstad A;Fried M;Chaussade S;Jewell D;Briggs A;, 2003, Aliment Pharmacol Ther, 18

Validation of a patient-administered questionnaire to measure the activity impairment experienced by women with uncomplicated urinary tract infection: the Activity Impairment Assessment (AIA), Wild DJ;Clayson DJ;Keating K;Gondek K;, 2005, Health Qual Life Outcomes, 3
